🏢 JOB DESCRIPTION

At Thompson Nepal, we value difference! Different points of view. Different perspectives. Different ideas. And we work to make sure that every voice is heard. We are looking for some of the best people from around the country who are fierce, hungry and will work passionately to advance the best ideas on behalf of our Clients.

- ✓ Are you a key member of the creative team responsible for developing communications campaigns?
- ✓ Are you good at directing & organizing photo shoots, and supervising printing from concept to

production?

✓ This job demands a high degree of visual creativity and an eye for detail.

✓ Apply only if you are a graduate in commercial/graphic arts from one of the leading/recognized colleges and have an AUTHENTIC PORTFOLIO of great creative work of highest international quality!

As a key member of the creative team, the candidate will be responsible for developing campaigns, directing/organizing photo shoots, and supervising campaigns from concept to production.

Candidates must have at least 5 – 7 years' experience in designing print campaigns including graphic arts in leading international agencies/companies that demonstrate conceptual clarity and the power to visualize. Interest and experience in the field of TV and radio production would be a definite advantage.

Candidates with international experience will be preferred.

JOB SPECIFICATION

✓ The candidate must be a graduate/post-graduate in commercial/graphic arts from one of the leading colleges/universities with 5 – 7 years' experience and have an authentic portfolio of great creative work of highest international quality.

✓ Proven proficiency in graphic arts and latest design software are essential.

✓ Advanced technical competence in the areas of pre-press and print production will be desirable.

✓ Experience in working on a Mac-based platform will be a definite asset.

Applying instruction
